PROVINCIAL ENFORCEMENT CENTER

The Provincial Enforcement Center has operated since 1988 to provide log on/log off services to Saskatchewan Conservation Officers. The center also maintains the Resource Intelligence Program to track illegal natural resource and environmental activity and has access to the Canadian Police Intelligence Center (CPIC) as well as vehicle licence and driver information maintained by Saskatchewan Government Insurance.

In February 2000, the Provincial Enforcement Center began providing services to officers of the Saskatchewan Highway Transport Patrol. Services provided are log on/log off, vehicle and person inquiries and warrant maintenance. Similar service is also provided to officers of the Revenue Enforcement Unit of Saskatchewan Finance.

In keeping with the established objectives of the Center, the priority remains officer safety, followed by increased efficiency for the law enforcement role.

2. ALTERNATIVE MEASURES

2.1 Overview

Alternative Measures are intended to provide an alternative to traditional prosecution and/or court processes for offenders facing charges laid by conservation officers.

It is the duty of the Attorney General's agent (Crown Prosecutor) to determine the appropriateness of alternative measures. Giving consideration to an offender's age, character, history and rehabilitative prospects, a conservation officer may recommend that it would be appropriate to use measures alternative to traditional prosecution.

The alternative measures program is not intended to be available for every offender and every offence. Rather, it is an acknowledgement that in some cases, because of the nature and circumstances of the offence and the offender, the public interest would be better served by a resolution outside of the traditional criminal process. The objective of alternative measures programs is to have the offender accept responsibility for the offence without going through the formal court process. It is essential, therefore, that the offender takes responsibility for his actions.

The program is generally aimed at offenders without substantial records of resource or environmental offences.

3. ARSON INVESTIGATION PROGRAM

3.1 CASE STUDY

There were 857 wildfires in the province in 2001, with 542 being human-caused. Out of those 542 human-caused fires, 164 were investigated by Conservation Officers (30% of the total human-caused fires). In total there were 38 arson fires in the province in 2001.

The results of these investigations on human-caused fires are as follows:

- 86 investigations resulted in the Conservation Officer solving the cause and origin
- 8 Criminal Code arson counts were laid (7 in the Shield EcoRegion and 1 in the West Boreal EcoRegion)
- 7 Prairie and Forest Fires Act charges were laid
- 5 Notice of Violations were issued on fires that were investigated
- 15 Notice of Violations were issued for Prairie and Forest Fires Act violations where the fire was not actioned (ie landowner burning without a permit, where conditions were such that the fire could not escape, but he failed to obtain a permit)

As well, in the cost recovery area, Saskatchewan Environment is looking at recovering $75,950 for suppression costs on various fires, plus the possibility of $3.5 million more from costs incurred in suppressing the Raven fire near Carrot River.

Lastly, some important policies and protocols in the wildfire investigation area were developed in 2001:

- an Enforcement Bulletin for Conservation Officers on "Wildfire and Arson Investigation" (including a fact sheet on civil actions)
- "Wildfire Investigations" and "Cost Recovery" guidelines in the Fire Management and Forest Protection guideline manual

4. ENFORCEMENT AND COMPLIANCE BRANCH

4.1 K9 PROGRAM

Scout was retired in 2001 and replaced by Zoro. A second canine team was also trained and stationed in the West Boreal Eco Region. The program was out of service during the four months required to train the teams.

5.4 INCIDENT REPORTS

1. A car travelling at a speed of 200km/hr passed two Officers in their vehicle. The Officers gave chase and the vehicle was stopped in a small town. Three subjects were exiting the vehicle when one Officer withdrew his sidearm and ordered them to remain in the vehicle with their hands up. The subjects made no resistance and the sidearm was holstered. The driver smelled of alcohol and showed signs of impairment and as such was taken for a Breathalyzer and subsequently released.

2. Two officers responded to a complaint of people drinking & boating at a park. When officers began to dump the alcohol, one group became very hostile and verbal. One subject in particular was swearing at one of the Officers. The subject was arrested and as he was being escorted away the subject's wife began to interfere and obstruct the Officer. The subject's wife struck the Officer repeatedly in the chest and on his wrist as he attempted to restrain her. She was subsequently charged with Assault Peace Officer.

3. Three subjects tipping over a Coke machine in a campground were observed by an Officer. When the Officer attempted to contact the subjects, all three fled. The Officer pursued one subject by foot and caught and handcuffed him. The subject was searched and taken back to the entry gate to provide a statement. The other two subjects were later apprehended and statements were taken from them also.

4. A group of people was told by two Officers that they were not allowed to remain in a campground as they did not have a permit, but could go to the day use area. The group was told they could not consume alcohol in this area. Thirty minutes later the Officers returned to find the group had made no attempt to leave. The Officers seized all alcohol in the site and evicted all persons from the park. One subject became very irate and refused to leave, even after numerous explanations by the Officers. Subject was placed under arrest and was resistant. Officers used an arm bar takedown and the subject was eventually handcuffed and transported.

5. Two Officers responded to a call regarding a subject on the highway that appeared to be intoxicated. Subject kept walking away from Officers as they attempted to get information from him. Subject finally attempted to run away and Officers used a wristlock to control the subject and apply handcuffs. A mandibular angle pressure point was applied when the subject would not get into the Officers vehicle. Subject was arrested for public intoxication and held for transport.

6. Two officers received notice of a fight taking place in front of a store. Two subjects were asked to attend the officers' vehicles. One subject was uncooperative and was arrested and escorted to the vehicle using a wristlock. The subject was subsequently handcuffed. The subject was released with a warning and an eviction notice.

7. Two officers observed an individual exit his vehicle with a bottle of beer in hand. When the subject noticed the officers, he dropped the beer and proceeded to run into the cabin area. The officers pursued on foot but were unable to locate him. Two other officers assisted in the search and spotted the subject. "Stop. Peace Officer." was shouted to the subject numerous times to no avail. The subject was located laying in some brush and a wrist lock was used to gain control of him. The subject was handcuffed and double-locked, searched and transported to the campground office where he was charged and released.

8. Two officers in their patrol vehicle observed an ATV in a park where the driver was not wearing a helmet and the ATV was equipped with a gun boot. The officers' hand signalled the subject to stop. They wanted to talk to the subject about operating an ATV in the park. At that point the subject accelerated. The officers turned their patrol vehicle around and engaged their emergency lights and then their sirens when the subject increased speed. The subject lost a cooler of beer from his ATV. Due to rough terrain the officers cancelled the pursuit. A search of the area revealed a second individual had been quadding with the subject. A search of the individuals ATV revealed a rifle and ammunition for which he was arrested and charged with Unlawful Hunting. Through questioning of the individual, the subject was later located, arrested and charged with open alcohol in a vehicle, aiding and abetting and fleeing from a Peace Officer.

9. A subject was approached regarding alcohol in a public place. The subject proceeded to run from the officers and was caught and handcuffed. An officer escorted the subject to the entry gate of the recreation site into another officer's custody. The subject was cautioned under the Charter of Rights and as a Young Offender. The subject was searched and then asked if he wanted to call a lawyer or his guardian. Marijuana and other drug paraphernalia and three beers were found on the subject. Two officers went into the Kiosk to call RCMP and at this time the subject ran from a third officer outside. The subject was pursued into the trees where the subject fell. Soft empty hand techniques were used to regain control of the subject. The subject was escorted into the Kiosk where RCMP was contacted and then the subject was transported.

10. Officers approached a subject in a group of people who was carrying a beer. The subject was repeatedly asked to turn over his beer, but would not and used foul language. One officer took hold of the bottle in the subject's hand and attempted to pull it out. The order to release the beer or be placed under arrest was repeated to no avail and more foul language. The subject was told he was under arrest and he resisted as officers attempted to put his arms behind his back. A double arm bar was used to force the subject to the ground and wristlocks were used to secure the subjects arms. The subject was handcuffed and double-locked and transported to the RCMP.

11. A vehicle was attempting to enter a park but was refused entry. Officers noticed beer in the back of the truck and a search was performed. The occupants were asked to vacate the vehicle and a check of the interior was performed. An open bottle of beer was found along with an unopened one. Subjects were advised they were going to be issued a ticket. Two of the subjects were told to pour out the beer from the back of the vehicle. One subject was drinking the beer instead of pouring it out. The subject was advised that this would result in a ticket. The subject shoved the officer and attempted to punch him. In evading the punch the officer tripped over the case of beer and fell, hitting his left cheek, jaw and eye on the cooler or the pavement. The officer's eyeglasses were damaged as well. Another officer used OC spray on the subject with no effect. After another brief struggle the subject was placed in the patrol vehicle and the RCMP were called. The other subjects were cooperative. The injured officer was taken to the hospital for x-rays and treatment.

12. At a park, an officer was attending two sites where parties were going on. While attempting to evict one site, campers from the next site came over. One subject would not leave when asked to do so by the officer. Subject was asked if anything could be done to get him to comply and the subject replied "No". The subject attempted to grab the officer at which time he was told he was under arrest. When asked to

put his hands out he slammed them on the hood of the patrol car. He was asked to slowly get on his knees and put his hands up behind his back. This was repeated four times before compliance. The subject was handcuffed and double-locked and placed in patrol car to await the RCMP.

13. During a campground patrol, a male person stopped two officers and told them that his friend is very drunk and is out of control. Upon entering the site, the officers noticed that two other occupants had one person pinned down and were telling him to stop and relax. After identifying himself as a Conservation Officer, one of the officers proceeded to handcuff the subject. When the first handcuff was applied the subject attempted to pull away and escape custody. The officer applies a cuff wristlock and gained control of the subject. The other handcuff was applied and both were double-locked. The subject was then transported to the RCMP.

14. An officer was sitting in his office when he heard a male subject yelling and swearing. The officer located the subject in the hallway who appeared to be intoxicated. The subject was advised he was under arrest for public intoxication at which point he assumed a fighters stance. The officer used OC spray and ordered the subject onto the floor and to give his arm. The subject curled his arm underneath him at which point the officer attempted to use a pressure point tactic. The subject resisted and bit the officer's wrist and tore his shirt. The officer drew his baton and ordered the subject to sit down which the subject eventually did. The RCMP arrived and the subject was handcuffed and transported. The officer attended the hospital for treatment.

15. Officers were patrolling an area when a spotlight was seen by the accompanying aircraft patrol. The suspect vehicle would not stop and a pursuit followed with speeds ranging from 40kph to 120kph. The suspect vehicle shined their spotlight behind them, which reduced the visibility of the officers. Eventually the suspect vehicle hit a dead end and two subjects exited the passenger side and ran into the tall grass by a dugout. One of the subjects was possibly carrying a rifle. Three subjects were observed in the back of the truck as well as 2 or 3 more in the cab. All subjects fled from the scene.

16. Two officers encountered a subject drinking in a motor vehicle. The subject was asked to remain in front of his vehicle while officers searched the vehicle. The subject would not remain in front of the vehicle and eventually the officers told him to put his hands on the hood and stay there. The subject responded with foul language and was subsequently advised he was under arrest. A struggle ensued and the subject was placed on the ground, handcuffed and searched. RCMP arrived and subject was placed in their cruiser.

17. A female on the highway flagged an officer down. She was cut and bruised and said she wanted to press charges against her brother for assault. Conservation Officers in the park and RCMP were called for assistance. The subject was placed under arrest and handcuffed and then transported to cells. The complainant did not pursue charges.

18. A female camper in a park advised an officer that a male subject was stalking her. When subject was reported as being in the park, Conservation Officers called RCMP for assistance. When officers arrived at the park the subject had already left. RCMP stopped the subject on the highway for speeding. The subject was in possession of a false driver's license, fake name, an aluminum baseball bat, and a large dagger under the driver's seat. The subject was arrested by the RCMP and charged for the above offences. The complainant did not pursue stalking charges.

19. Officers were in an unmarked patrol unit when they observed a vehicle on a grid road. Out of province plates were seen and when the officers attempted to catch up they noticed that the vehicle was travelling at an excessive speed of 125-130kph (maximum is 80kph). The vehicle travelled though a town at a speed of 70kph in a 40kph zone. Once out of town the vehicle sped up to its previous speed of 125-130kph. Officers engaged their lights and siren, however, the subject still did not slow down. Dispatch was notified of the pursuit. The vehicle finally slowed down to make a turn and then stopped, apparently noticing the officers behind. The subject stated he had no idea anyone was behind him. He was charged with speeding.

20. While on snowmobile patrol two officers stopped at an ice shack to check anglers. One subject had a partially empty alcohol bottle in his hand. The subject placed the bottle under his jacket and proceeded to walk away, putting the bottle into the back of a truck. The subject was intoxicated and uncooperative. While completing compliance checks on the other anglers the subject became more agitated. A filleting knife was spotted in the subject's right hand. The subject refused when instructed to put the knife down or hand it over. One officer took the subject by the wrist and physically removed the knife from his hand. The knife was put in a safe location and the subject began to calm down.

21. While responding to a complaint of unlawful hunting, two officers passed the suspect vehicle. At this point the vehicle was travelling approximately 90-100kph but then sped up. Officers pursued the vehicle at speeds of up to 150kph as conditions allowed. Estimated suspect vehicle speed 130-140kph. Suspect vehicle stopped as officers closed in to 300m. The subject was cooperative when apprehended.
